

ATTENTION POULTRY GROWERS

RAIN WATER HARVESTING WORKSHOP

HOW IT CAN HELP YOU

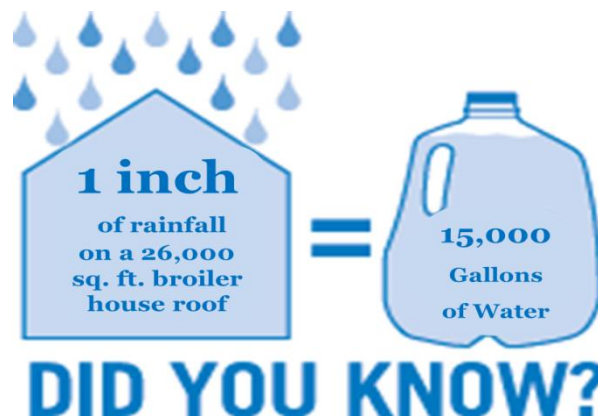

DATE: September 29, 2011
10am to 2pm (includes lunch)

Where: Prince Edward Natural
Resources Agricultural Building
100 Dominion Drive, Farmville

Workshop, Lunch & Tour are FREE, but **Preregistration is Required.**
Space is limited. Please register by September 27th. Call Piedmont
SWCD (434) 392-3782 ext. 108 to register.

This workshop is for poultry growers who want to learn more about rainwater harvesting, the **components & costs involved**, and how collected rainwater can be used in your poultry operation such as **cooling cells and misting systems**. You will tour a poultry operation that has installed a rain water collection system and hear speakers who are professionals in large-scale rain water harvesting.

Sponsored by: USDA-Natural Resource Conservation Services, Center for Watershed Protection, Rainwater Management Solutions, Altria, National Fish & Wildlife Foundation, Prince Charitable Trusts and Piedmont Soil & Water Conservation District.
